

I wanted to comment on the proposition of LPFM taking over FM translators. My family (seven people) currently listens to K-Love radio station and that is all. K-Love is out of Sacramento and if this happens we will no longer be able to listen to K-Love. This would be very sad because K-Love has meant a lot to our family and local community. They reach thousands in Santa Cruz County and I know many people who would be very upset by this if we lost the ability to receive K-Love as a radio station on the Central Coast of California. There is no other radio station for our family or for many others who live in Santa Cruz county and we would miss it very much. K-Love is a strong part of our family's life. Thank you for listening, Shannon Carpenter
